

PRESS RELEASE

Stockholm, 25 April, 2019

Areim leases 5,000 square meters to CONVENDUM

In February 2020, CONVENDUM will move into the Areim-owned property Brädstapeln on Kungsholmen and open the 14th out of 20 planend offices in Sweden. The company, which creates modern and attractive co-working spaces in central business districts, will lease approximately 5,000 square meters at the premises. With the inclusion of CONVENDUM, Areim further steps up the development of Brädstapeln into Kungsholmen's newest commercial hub.

“CONVENDUM is a forward-looking company and a superb addition to our growing list of confirmed tenants moving into the property. We have a few vacant spaces left and are currently in talks with several prospective tenants,” says Erik Ullsten, the manager in charge at property owner Areim.

About Areim

Areim is a leading Nordic real estate owner and fund manager with offices in Stockholm and Helsinki. For more than 15 years, we have successfully managed investments on behalf of some of the world's largest institutional investors. We consistently deliver competitive returns in a manner that is both financially responsible and socially sustainable. Our vision is to become the preferred partner for real asset investment in the Nordic region. Forging strong and long-term relationships with tenants, investors and the wider community is key to our continued success. We know that by balancing the needs of today with the demands of tomorrow we can create lasting value for all our stakeholders.
